IBIZA FORMENTERA

**Life is a combination of magic and pasta**

*(Federico Fellini)*

## Our Service

Foodit Catering was born from a passion for food, which we believe to be an expression of culture and life. Good cuisine, whether it is Mediterranean, Asian or Vegetarian, makes each event unique and this is what we love doing at Foodit Catering.

Thanks to our chefs and support team, we offer a complete catering service experience or private chefs, waiters, bartenders and housekeepers for any kind of private or business event and we can also provide equipment to set up and decorate tables and buffets.

We can also help you look for the perfect location for specific kinds of events and provide all the related services thanks to our partnership network.

# Each Event is Unique

We cater for weddings, themed parties, birthdays, holy communions, baptisms, business events, private dinners and delicious breakfasts with a wide range of food available.

We analyse and accurately manage any other request to help make your event memorable and special. We support you through the whole process of your private event, starting from our chefs and our kitchens - the beating heart of Foodit Catering - to the planning and coordination service, our dedicated, experienced team are on hand to tailor your event to your specific requirements.

We customise the style of the event with different cooking shows: from street food to an authentic BBQ, from traditional paella to a sushi bar and we also provide professional ham cutters. We meet every need.

# Your Personal Chef

At Foodit Catering we guarantee a high quality, on site service wherever you wish.

Many of our chefs hold the internationally recognised STCW95 certificate, meaning we can even provide our services on all types of boat.

We offer many varieties of cuisine thanks to our chefs' expertise: Italian, Spanish, French, Japanese, Fusion, Kosher, Vegetarian and Vegan, in order to satisfy every need while paying close attention to both taste and possible intolerances.

# The Icing on the Cake

The last bite is not the least important, it provides lasting memories and sticks in the guests' minds. This is why at Foodit catering we pride ourselves on our desserts.

Our patissiers and expert cake designers are ready to give you unforgettable moments of pleasure: from the preparation of fine desserts to a large variety of delicious mignons and spectacularly decorated multiple tiered cakes in order to customise every event and make it unique.

# EQUIPMENT HIRE

## Charming tables

We at Foodit Catering provide our customers with all the equipment to make their event special.

We set up and decorate your table and buffet with style, offering the chance to hire beautiful glass-es, unique stylish plates, gorgeous cutlery and very pretty miniatures for your canapés.
